october 2008, PSOFT, Slovak republic

No-Nonsense license statement

This software is protected by copyright law and international copyright treaty. Therefore, you must treat this software just like a book, except that you may copy it onto a computer to be used and you may make archive copies of the software for the sole purpose of backing up our software and protecting your investment from loss.

By saying "like a book" we means for example, that this software may be used by any number of people, and may be freely moved from one computer or location to another, so long as there is no possibility of it being used by more than one people at a time. This software with one license can't be used with two different people in two different places at the same time without PSOFT's permissions.

Software distribution

Software package are distributed by electronic way. Products can be registered directly by PSOFT (for Slovak and Czech users), or via our distribution and registration partners company (RegSoft.net / RegSoft.com or ShareIt.de). These companies make all needed work about receive your order, payment and after successful payment verification send to you email with information about all needed links for download full version of our software, links for support, news, forums, online help link, etc. **Please save this email for use in future.**

Good idea is sign up into our email list, (link read from email received after registration). All user in this email list can receive information about all news, changes, updates, new version of our software.

Our software is small in size, we not distribute this on the CD or DVD. But if you need software on the media like as CD or DVD, you can use services our registration partners (Regsoft , ShareIt or another in future), here is possible purchase CD or DVD with our or more another products (free/trails/demos) .

Software upgrade.

You can purchase new versions of our software with special discount, of course if you are registered user. If you sign up our email list from email received after registration previous version, you be added into our database. Please send to PSOFT company email address psoft@psoft.sk information about your Customer ID (if you sign-up email list) or Order number received after registration previous version of the software.

Adding users

You may add users by paying for a separate software package for each user you wish to add. You may also add users by purchasing additional licenses, multi-users version for 2-5 users, 6-10 users or 11 and more users, of course with special discount.

Transferring the software

You may transfer all of your rights to use the software to another person or company, provided that you transfer to that person all of the software, documentations, links received after registration. After transfer to another person you must destroy all copies of our products in any form. Remember, once you transfer the software no longer have any right to use it, and the person to whom it is transferred may use it only in accordance with the copyright law, international treaty, and this statement.

If you have purchased an upgrade version of the software, it constitutes a single product with the software that you upgraded. Upgrade and the software that you upgraded cannot both be available for use by two different people at the same time, and cannot be transferred separately, without permission from PSOFT.

Limited warranty

Because all our software we distribute via electronic way (except CD or DVD media distributed by our registration partners), there is no problem with media defects. If you lost your registered copy of software, you can anytime download from PSOFT homepage (link in email received after registration). But for protect our product in front of multiply download with unregistered users, is download of products from PSOFT pages limited to 5 times per one license. If you need more, please contact us.

Additional License Terms for Development Products

PSOFT products may include one or more libraries intended to help you develop your own applications programs. Products may also include libraries (DLL), ActiveX controls (OCX) or source code, either with the libraries or as sample programs.

You can use our products :

- Libraries (DLL), ActiveX controls (OCX) as end user or as part of your own application
- Source code files you can use as developer for development and build in you own applications. Your applications **you can sell** with build-in PSOFT components/libraries. But **you can't sell** any part of source code PSOFT products. If you can sell PSOFT products with source code, see **Conditions for resellers**.
- Source code of demos/examples are free, you can use as material for study.
- Help files are free, you can use in you applications, can copy some part of this files or link to your help files.

Compiled programs

You may write and compile your own application program using PSOFT products contained in this package, including any libraries or source code included for such purpose with the product. If you are the licensed, registered user of PSOFT product, you may use, reproduce, give away, or sell any program you write using this product, in executable form only, without any license or fees, subject to all of the conditions in this statement.

Conditions for resellers.

If you can sell PSOFT products and distribute to end user, please connect us. Read if you can sell PSOFT products independent, without condition to build in your own application.

Reseller can sell PSOFT products to end user with source code files (if possible), or as OCX or DLL files as independent product. PSOFT company offer products using two ways :

- **First way** : We create your reseller account and links to register and sell our products on-line. Using this links you can buy PSOFT products licenses with discount and in next step sell to end customer with your own price using your own distribution methods.
- **Second way** : You can register/buy one multi-license of PSOFT product with special price. This product you can sell without restrictions in unlimited amount. This license is non exclusive, means PSOFT company still sell this product in own distribution net, or sell multi-license to another reseller too.

General terms That Apply to Compiled Programs and Redistributable

The license granted in this statement for you to create your own compiled programs and distribute your programs is subject to all of the following conditions :

- All copies of the programs/products you can create must bear a valid copyright notice
- You may not remove or alter any PSOFT copyright, trademark, or other proprietary right notice contained in any portion of PSOFT libraries, source code, redistributable, or other files that bear such a notice. You may not remove or alter identifying screen that is produced by PSOFT products.
- PSOFT provides no warranty at all any person other than the Limited Warranty provided to the original purchaser of this package.
- You will remain solely responsible to anyone receiving your programs for support, service, upgrades, technical or other assistance, and such recipients will have no right to contact PSOFT for such service or assistance.
- Your programs must be written using a licensed, registered copy of this PSOFT product.
- Your programs may not be merely a set or subset of any of the libraries, code, redistributable, or other files included in this package.

- You may not use PSOFT's or any of its supplier's names, logos to market your programs, except to state that your program was written using this PSOFT product.
- All PSOFT libraries, source code, redistributable, help files or other files remain PSOFT's exclusive property.
- Regardless of any modifications that you make, you may not distribute any files, except those that PSOFT has expressly designated as redistributable. Nothing in this license statement permits you to derive the source code of files that PSOFT has provided to you in executable form only, or to reproduce, modify, use or distribute the source code of such files. You are not , of course, restricted from distributing source code that is entirely you own.
- All other requirements of the copyright law, international treaty and PSOFT's License Statement and Limited Warranty continue to apply except as provided otherwise above.
